Dear Glenn

I wanted to express our sincerest appreciation to you and your organization for the special sweater retirement ceremony in my son's honour at your home opener on Friday September 25, 2009. The fact that you were playing Port Perry, the town in which he grew up and loved to be a part of seemed quite appropriate as well.

Donald loved every moment he was with your organization. It was a very happy time in his hockey career as he was able to be part of the 2007-2008 winning season as the COJHL champs. I will always remember that final game when they won and seeing him have a chance to along with his teammates, as he said to me, raise 'his cup', in victory on the ice and celebrate. It is very special that he will always have a place with The Ice as you have retired his #3 officially; the banner in his honour is a gesture appreciated beyond anything any words can express.

On behalf of all Donald's family and loving friends, please express our overwhelming gratitude to the players, volunteers, sponsors, staff and everyone who makes up The Ice team. Congratulations on the win over Port Perry on Friday; all the best for a success, safe and happy season.

May Donald's memory always have a place within your hearts. We wish for you to embrace your life, not just your sport, with the same uninhibited passion Donald did for his short 21 years with us.

Live, Love and Laugh!

Warmest regards,

Dahna Sanderson

PS --While it seems a long way off, I want to be sure that you do save the date of July 14, 2010 in your calendar to be part of the 2nd annual Don Sanderson Celebrity Cup Golf Tournament. We will be having it again at The Royal Ashburn in Whitby.
